

**Burrinja's Project Studio is a creative incubator for unhatched projects and collaborative curiosity.**

**It is a space to...**

- Escape your comfort zone
- Unpack your creativity
- Be cahoots with other artists
- Ask questions and take creative risks
- Explore the possibilities

**We love projects that...**

- Pose more questions than answers
- Need a buddy to help them take the next step
- Challenge how we define community
- Fuel both small and large-scale change
- Make people go 'Ooooooooooooooooooooooooooooooooooooooh!'

**We love people that...**

- Are not satisfied unless they are creating, thinking, writing, drawing, chatting, provoking, challenging and growing! (...or any combination of the above!)
- Share ideas over big cups of tea.
- Dream, discuss and act.
- Have a tendency to be messy.

### **In a nutshell...**

Burrinja is offering short-term subsidised project studio access to artists or collectives who have interesting projects to develop. The core activity must be of an arts and/ or cultural nature, and all arts practice and mediums will be considered.

The Project Studio is normally be available for 3 to 6 months only and it is expected that the project outcomes will be completed within the residency timeframe.

### **Lease fee...**

A base-rate amenity and utility fee of \$36 per week (or \$156 per calendar month) is payable.

Projects are also encouraged to seek external funding and income, with the Project budget taking studio costs / project income into account. Please discuss this aspect of your proposal with Burrinja prior to applying. Self-funded projects will also be considered.

There is no bond or other upfront entry fee or outgoing costs.

A one off refundable payment of \$20 is required to receive a security access card and key. Refunded once the security card is returned at the end of the residency.
