

Bell Curve @Burrinja

Burrinja + Speak Percussion are partnering in the presentation of *Bell Curve* at Burrinja.

- Bell Curve is a contemporary spatial performance work for twelve independent bell ringers composed by Eugene Ughetti and performed with the Federation Bells.
- The work is designed to allow both participants with limited musical experience and experienced musicians to participate in a high quality art music event.
- The performers will be closely coached by Speak Percussion on a range of extended musical techniques and will be guided during the performance by an instructional click track.
- Speak Percussion will lead all rehearsals and performance at Burrinja.

We are inviting musicians and music enthusiasts between the ages of 12 and 25 years as the performing participants.
